

**Coronavirus (COVID-19) Information Update:  
2 New Positive Case of COVID-19  
Friday, October 16, 2020**

Yesterday, we received notification that two individuals have tested positive for COVID-19.

A Lakeview Personal Care resident has tested positive for COVID-19. The resident was tested off-campus and results were received on October 15. The resident is currently off-campus.

Additionally, a Meadows direct-care team member was tested off-campus on October 14 and we received the results on October 15. The team member is currently off-campus and recovering at home. The team member was last on campus Friday, October 9.

Due to these two COVID-19 positive test results, the following operational changes are effective immediately:

**Lakeview Personal Care:**

- Universal COVID-19 testing of residents and team members will resume
- Group wellness activities will be paused
- In-person family visits will be paused
- Communal dining will be paused; in-room dining will occur

**Meadows Health Care Center:**

- Universal COVID-19 testing of residents and team members will resume
- Group wellness activities will be paused
- In-person family visits will be paused

Please be assured, that we are trained and well-equipped to safely care for the resident, while minimizing the risk of the spread of COVID-19 to other individuals. We believe that the exposure risk to residents and team members in both cases is low.

There are currently NO additional cases among team members or residents. For all previously announced COVID-19 positive cases, please visit our website at [www.telhai.org/COVID19](http://www.telhai.org/COVID19) for a complete, historical listing.

**COVID-19 Communication Reminders:**

- While we strive for transparency in everything we do, please know that we are bound by federal guidelines under the Health Insurance Portability and Accountability Act (HIPAA), which protect the privacy of residents who may not want their condition known.

- We have followed, and will continue to do so, all guidance set forth for privacy, patient care, resident and team member safety, and efforts to stop the spread of COVID-19 as provided by the CDC, DOH, and the Centers for Medicare and Medicaid Services (CMS). We remain in constant contact with our Medical Director Dr. Thomas Lawrence, DOH, Department of Human Services and the Chester County Health Department.
- We appreciate your understanding as we continue to vigorously enforce all safety and security measures in place, as the wellbeing of residents and team members is our first priority. **We ask that you support our community by following the recommendations set forth by the CDC including social distancing, wearing a mask and proper hand hygiene.**

We will continue to provide you with periodic updates on our efforts to combat COVID-19 on our website at [www.telhai.org/Covid19](http://www.telhai.org/Covid19) and our 24-hour Tel Hai COVID-19 Information Hotline at 484-796-4862.
