

Coronavirus (COVID-19) Information Update:

2 New Positive Cases of COVID-19

Friday, November 27, 2020

We received notification that two additional Lakeview Personal Care residents tested positive for COVID-19. Both residents were tested on November 24 and results were received on November 26. The residents are currently within Lakeview.

Please be assured, that we are trained and well-equipped to safely care for these residents, while minimizing the risk of the spread of COVID-19 to other individuals.

We are proceeding per guidance by the PA Department of Human Services and PA Department of Health to conduct 'Outbreak Testing' on all residents of Lakeview Personal Care, all residents of Meadows Health Care Center and any team member that has worked or is currently working in either of these areas. As COVID-19 testing progresses, these tests may result in additional COVID-19 positive cases.

For all previously announced COVID-19 positive cases, please visit our website at www.telhai.org/COVID19 for a complete, historical listing.
