

Coronavirus (COVID-19) Information Update:

3 New Positive Case of COVID-19

Saturday, December 12, 2020

Since our last communication (December 11), we have received notification that three additional individuals have tested positive for COVID-19.

A Meadows Health Care Center resident was tested off-campus and results received on December 11. The resident is currently off-campus.

Two team members tested positive on December 11;

- 1 Meadows Skilled Nursing non-direct care team member last on campus Dec 6
- 1 Meadows Skilled Nursing non-direct care team member last on campus Dec 10

Test results were due to our 'Outbreak Testing' strategy, per guidance by the PA Department of Human Services and PA Department of Health. As COVID-19 testing progresses, these tests may result in additional COVID-19 positive cases. Symptoms of COVID-19 typically appear 2-14 days after a potential exposure, and we will be closely and actively monitoring all our residents and team members for signs and symptoms of COVID-19 within Meadows Health Care Center and Lakeview Personal Care.

For all previously announced COVID-19 positive cases, please visit our website at www.telhai.org/COVID19 for a complete, historical listing.
