

## Coronavirus (COVID-19) Information Update:

**3 New Positive Cases of COVID-19**

**Monday, December 7, 2020**

Yesterday, we received notification that three additional Meadows Health Care Center team members tested positive for COVID-19— one non-direct care team member and two direct-care team members.

All three were tested and results were received on December 6 as part of our 'Routine Testing' strategy. They were last on campus December 6.

We are proceeding per guidance by the PA Department of Human Services and PA Department of Health to conduct 'Outbreak Testing' on residents and team members within Meadows Health Care Center. 'Outbreak Testing' in Lakeview Personal Care has been ongoing. As COVID-19 testing progresses, these tests may result in additional COVID-19 positive cases.

For all previously announced COVID-19 positive cases, please visit our website at [www.telhai.org/COVID19](http://www.telhai.org/COVID19) for a complete, historical listing.

We have followed, and will continue to do so, all guidance set forth for privacy, patient care, resident and team member safety, and efforts to stop the spread of COVID-19.
- We appreciate your understanding as we continue to vigorously enforce all safety and security measures in place, as the wellbeing of residents and team members is our first priority. We ask that you support our community by following the recommendations set forth by the CDC including social distancing, wearing a mask and proper hand hygiene.
