TEL HAI RETIREMENT COMMUNITY

Scope of our Program

Our Compliance and Ethics Program Code of Conduct covers the compliance issues, laws and regulations, and guidelines that are relevant to a provider of senior services including Senior Living Communities that provide a wide range of healthcare services. This includes but is not limited to Medicare and Medicaid regulatory issues; guidelines from the Office of Inspector General, Internal Revenue Service, and the Office of Civil Rights of the Department of Health and Human Services, Occupational Safety and Health Administration; as well as other federal and state regulatory and business issues. The program fosters a culture of compliance that promotes legal and ethical behavior in the workplace by creating processes that detect and prevent fraud, waste, abuse, and policy violations. **The Code of Conduct is supported by our compliance policies and procedures and should be read and understood jointly with those policies and procedures.**

We use the term Team Member to define the various employees who are employed with Tel Hai Retirement Community. All individuals, including employees, contractors, volunteers, directors, and officers are members of our team in providing care and services to our residents. We use the term Resident to refer to individuals who receive the various types of healthcare and other services that we provide.

Any questions regarding the policies in this Code of Conduct, compliance policies, or related references, should be directed to your immediate supervisor, the Compliance Official, a member of the Compliance Committee, or the Compliance Officer.

Tel Hai Retirement Community is a Life Plan Community licensed under the laws of Pennsylvania to provide the following services:

Compliance Officer

The Friends Services Alliance (FSA) Vice President of Compliance, Karla Dreisbach, CHC, CHPC, serves as our Compliance Officer. She has the responsibility to assist the Compliance Official, the CEO, and the Board of Directors in designing and overseeing efforts in establishing, maintaining, and monitoring compliance within our organization.

The Compliance Officer works with our President/CEO and our Compliance Official and has direct reporting responsibility to the Board of Directors. The Compliance Officer is responsible for continued coordination with the Compliance Official for the development, implementation, training, monitoring, and enforcement activities related to the overall compliance program.

The Compliance Officer is assisted by the FSA Compliance Managers and Compliance Specialists in providing services to our organization.

Compliance Program Management

Our Board of Directors, through the President/CEO, carries the overall responsibility for creating a culture that values and emphasizes compliance and integrity.

Timothy Herr has been appointed by the President/CEO and Board of Directors as the Compliance Official and is responsible for coordinating the day-to-day compliance activities in conjunction with the Compliance Officer. FROM THE EXECUTIVE DIRECTOR

Dear Team Members:

We have a long tradition of providing healthcare services to older adults in a way that demonstrates Christian love and compassion. We strive to follow our faith-based heritage of ethical and moral decision making in the care we provide. This heritage enables us to share our values with the residents we serve.

The healthcare industry is constantly changing and being impacted by numerous laws and regulations. In our desire to establish a workplace that complies with these laws and regulations, we have developed a Compliance and Ethics Program that supports Tel Hai Retirement Community team members in making the right decisions. This document, called the Code of Conduct, represents the primary focus for our Compliance and Ethics Program. The Code of Conduct not only reflects our heritage and values but also serves as a bold statement that influences how we enhance a resident's quality of life.

The Compliance and Ethics Program and the Code of Conduct exist to guide our normal decisions that are both ethical and compliant with applicable laws, statutes, and regulations. Our Code of Conduct does not replace each person's obligation in making wise, fair, and honest decisions. It is intended to explain our personal and organizational responsibility and to reflect those areas in which improper or unwise decisions can harm our entire organization and impair our commitment to sharing Christian love and compassion with those we serve.

We value your contribution to the residents and appreciate your support in properly maintaining the most ethical workplace possible. We commend you for your commitment to honesty and integrity, which are also part of Tel Hai Retirement Community's values.

Each team member is responsible for helping to protect our work environment and its compliance with laws and regulations. I thank you for your commitment and contribution to Tel Hai Retirement Community's mission, values, and, most importantly, to our residents.

Sincerely,

A handwritten signature in cursive script that reads "Dave Shenk". The letters are fluid and connected, with a prominent initial "D".

Dave Shenk, CEO, and President and Tel Hai Retirement Community Board of Directors

Code of Conduct

Introduction

The Code of Conduct is the foundation of the Compliance and Ethics Program. The Code of Conduct is a guide to appropriate workplace behavior; it will help you make the right decisions if you are not sure how to respond to a situation. All team members must comply with both the spirit and the letter of all federal, state, and local laws and regulations that apply to the healthcare and other services that our organization provides, as well as all laws that apply to our business dealings. Violations of these laws and regulations can result in severe penalties for us and the individuals we do work with including financial penalties, exclusion from participation in government programs, and, in some cases, imprisonment.

As team members, we share a commitment to legal, ethical, and professional conduct in everything that we do. We support these commitments in our work each day, whether we care for residents, order supplies, prepare meals, keep records, pay invoices, or make decisions about the future of our organization.

The success of Tel Hai Retirement Community as a provider of healthcare and other services depends on you, your personal and professional integrity, your responsibility to act in good faith, and your obligation to do the right things for the right reasons.

The Compliance and Ethics Program provides principles and standards to guide you in meeting your legal, ethical, and professional responsibilities. As a team member, you are responsible for supporting the Compliance and Ethics Program in every aspect of your workplace behavior. Your continued working relationship with our organization includes understanding and adhering to the Compliance and Ethics Program.

The Code of Conduct discusses the importance of:

- Care Excellence*** – providing quality, compassionate, respectful, and clinically appropriate care.
- Professional Excellence*** – maintaining ethical standards of healthcare and business practices.
- Regulatory Excellence*** – complying with federal and state laws, regulations, and guidelines that govern healthcare, housing services, and other services we provide.

A Shared Responsibility

Because we are in the business of caring for and providing services for others, it is critical that each of us adheres to appropriate standards of behavior. As individuals and as an organization, we are responsible for many different groups. We must act ethically and responsibly in our relations with:

- Residents and their families;
- Colleagues and co-workers;
- Volunteers and affiliated colleagues;
- Healthcare payers, including the federal and state governments;
- Regulators, surveyors, and monitoring agencies;
- Physicians, Nurse Practitioners, Physician Assistants;
- Vendors and contractors;
- Business associates; and
- the communities we serve.

Any compromise in our standards could harm our residents, our co-workers, and our organization. Like every organization that provides healthcare, we do business under very strict regulations and close governmental oversight. Fraud, waste, and abuse are serious issues. Sometimes even an innocent mistake can have significant consequences that could result in substantial penalties to Tel Hai Retirement Community.

All team members are required to complete training on the Code of Conduct and the Compliance and Ethics Program as a condition of employment or business relationship. The Code of Conduct sets forth mandatory standards.

There is no justification for departing from the Code of Conduct no matter what the situation may be.

Every team member is responsible for ensuring that he or she complies with the Code of Conduct and all policies and procedures. Any team member who violates any of these standards and/or policies and procedures is subject to discipline up to and including termination.

A Personal Obligation

As we are each responsible for following the Code of Conduct in our daily work, we are also responsible for enforcing it. This means that you have a duty to report any problems you observe or perceive, regardless of your role.

As a team member, you must help ensure that you are doing everything practical to comply with applicable laws. If you observe or suspect a situation that you believe may be unethical, illegal, unprofessional, or wrong, or you have a clinical, ethical, or financial concern, you must report it. You are expected to satisfy this duty by complying with the **Three Step Reporting Process**. If you fail to report noncompliance with the Code of Conduct, policies and procedures, or applicable federal or state laws, you will be subject to discipline up to and including termination. We have zero-tolerance for retaliation. No one may retaliate against a member who reports a concern in good faith.

Reporting Compliance Concerns

The Three-Step Reporting Process

First, talk to your supervisor.

He or she is most familiar with the laws, regulations, and policies that relate to your work.

Second, if you do not want to talk to your supervisor, seek out another member of the leadership team or someone from Human Resources.

Third, if you still have a concern, contact the Compliance Official, a member of the organization's Compliance Committee, or the Compliance Officer.

You may also call the toll-free Compliance Line number at any time.

Compliance Line

Compliance Line
800-560-6942

All calls are confidential, and you may call *ANONYMOUSLY* if you choose.

The Compliance Line is available 24 hours a day, 7 days a week, for callers to report compliance-related issues. Concerns that are reported to the Compliance Line are taken seriously.

You can make calls to the Compliance Line without fear of reprisal, retaliation, or punishment for your actions. Anyone, including a supervisor who retaliates against a team member for contacting the Compliance Line or reporting a compliance issue in any other manner, will be disciplined.

Care Excellence

Our most important job is providing quality care to our residents. This means offering compassionate support to our residents and working toward the best possible outcomes while following all applicable rules and regulations including the Medicare Conditions of Participation.

Resident Rights

Residents receiving healthcare and other services have clearly defined rights. A document describing these rights is provided to each resident upon admission and is posted in conspicuous locations throughout the organization for the residents and your reference. To honor these rights, we must:

- Make no distinction in the admission, transfer, or discharge of a resident, or in the care we provide based on race, color, national or ethnic origin, ancestry, age, religion or religious creed, disability, handicap, ancestry, sex, or gender, gender identity and or expression (including transgender identity) sexual orientation, military or veteran status, HIV status, genetic information, or any other characteristic protected under applicable federal, state or local laws.
- Treat all residents in a manner that preserves their dignity, autonomy, self-esteem, and civil rights;
- Protect every resident from physical, emotional, verbal, or sexual abuse or neglect;
- Protect all aspects of resident privacy and confidentiality;
- Respect residents' personal property and money and protect it from loss, theft, improper use, and damage;
- Respect the right of residents and/or their legal representatives to be informed of and participate in decisions about their care and treatment;
- Respect the right of residents and/or their legal representatives to access their medical records as required by the Health Information Portability and Accountability Act (HIPAA);
- Recognize that residents have the right to consent to or refuse care and the right to be informed of the medical consequences of such refusal;
- Protect residents' rights to be free from physical and chemical restraints; and
- Respect the residents' right to self-determination and autonomy.

Abuse and Neglect

We will not tolerate any type of resident abuse or neglect – physical, emotional, verbal, financial, or sexual. Residents must be protected from abuse and neglect by team members, family members, legal guardians, friends, or any other person. This standard applies to all residents at all times.

Federal law defines abuse as the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, pain, or mental anguish. This presumes that instances of abuse of all residents, even those in a coma, cause physical harm, or pain, or mental anguish. Neglect means failure to provide goods and services necessary to avoid physical harm, mental anguish, or mental illness. The failure to follow a resident’s care plan may constitute abuse.

Abuse is defined as the occurrence of one or more of the following acts:

1. The infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, pain, or mental anguish.
2. The willful deprivation by a caretaker of goods or services which are necessary to maintain physical or mental health.
3. Sexual harassment, rape, or abuse, Serious bodily injury is defined as an injury that creates a substantial risk of death or which causes serious permanent disfigurement or protracted loss or impairment of the function of a body member or organ. Serious physical injury is defined as an injury that (1) causes a Person severe pain: or (2) significantly impairs a person’s physical functioning, either temporarily or permanently. (Definitions from Chapter 1 of the Pa. Older Adult Protective Services Act, 35 P.S. Sections 10211, et. Seq.)

Any team member who abuses or neglects a resident is subject to termination. In addition, legal or criminal action may be taken. Abuse and neglect MUST BE REPORTED IMMEDIATELY to your supervisor or another member of management.

Elder Justice Act

The Elder Justice Act requires timely reports of any reasonable suspicion of a crime against a resident of a long-term care facility. You must report your reasonable suspicion to the Pennsylvania Department of Health, 1-800-490-8505 and local law enforcement the Pennsylvania State Police at Embreeville, Pa, 610-486-6280 within two (2) hours if the suspected crime involves serious bodily injury or within 24 hours if the suspected crime does not involve serious bodily injury.

DO NOT call the Compliance Line for allegations of abuse or neglect.

Report abuse or neglect immediately to your supervisor!

Every operator, manager, team member, agent (including Board member) and contractor is legally responsible to report a reasonable suspicion of a crime against a resident in the Meadows Health Care Center. This reporting is necessary whether the suspected crime occurred on or off Tel Hai premises if the perpetrator can or cannot be identified, and even if one has not been a witness to the crime.

Examples of reportable crimes are abuse, neglect, self-neglect, and exploitation, homicide, assault, kidnapping, unlawful restraint, false imprisonment, sexual offense, criminal coercion, arson, criminal mischief, property destruction, burglary, robbery, theft, forgery and public indecency.

When a team member provides a report to the Meadows Health Care Center Administrator, it then becomes the responsibility of the Administrator or Administrator’s designee to file the report with the

appropriate representative and law enforcement agency. The report will include the name(s) of persons who have provided the report. Any individual who has reported to the Administrator shall receive verification that timelines have been fulfilled on reporting on your behalf if so requested. If the Administrator does not concur that there is a reasonable suspicion of a crime, the Administrator is not obligated to file a report. However, any person who continues to believe that there is a reasonable suspicion of a crime has the responsibility to file such a report.

Even if a report is filed by the Administrator, any individual may file a separate report. Anyone who reports to the two agencies does not need to inform the Administrator of their reporting. However, the individual must report to the Administrator any reasonable suspicion of criminal activity. Reports to the Administrator should be written and include the time when the reasonable suspicion was formed, the time and date of the report, the fact on which the reasonable suspicion is based, including, if possible, the details of the event, the name and contact information of the person(s) filing the report.

Individuals who fail to fulfill their obligation are subject to civil money penalty of \$200,000 per instance and \$300,000 per instance of failure to report exacerbates the harm or causes harm to another person. Additionally, non-reporting individuals may be excluded from participating in federal programs.

Resident Confidentiality/HIPAA

All team members must use and disclose medical, financial, or personal information only in a manner consistent with the HIPAA Privacy policies and procedures and state and federal law. You are responsible for keeping resident-protected health information (PHI) confidential. PHI is defined as individually identifiable health information that is transmitted or maintained in any form or medium, including electronic health information.

Any unauthorized exposure of PHI which compromises the security or privacy of information is a potential breach.

If you become aware of a breach of any protected or sensitive information, it is important that you report it immediately to your supervisor or the Privacy Officer.

If the disclosure results in a breach, Tel Hai Retirement Community must investigate and comply with all state and federal HIPAA regulations for breach notification.

The Medical Director oversees the care and treatment policies and is actively involved in the Quality Assurance Performance Improvement (QAPI) Committee.

In addition, every effort is made to validate licenses and certification through the appropriate state or federal agency.

Tel Hai Retirement Community is prohibited by federal law from employing, retaining, or contracting with anyone who is excluded from any federal or state-funded programs. Screening of all team members through the Office of Inspector General's List of Excluded Individuals and Entities, GSA's System of Award Management, and the Pennsylvania Medicaid Excluded Provider List database are conducted before hire and at a minimum of monthly thereafter.

Team Member Relations

To maintain an ethical, comfortable work environment, team members must:

- Refrain from any form of sexual harassment or violence in the workplace;
- Treat all colleagues and co-workers with equal respect, regardless of their national origin, race, color, religion, sexual orientation, age, gender identity, (specific to organization policy), or disability;

Workplace Safety

Maintaining a safe workplace is critical to the well-being of our residents, visitors, and co-workers. That is why policies and procedures have been developed describing the organization's safety requirements. Every team member should become familiar with safety regulations and emergency plans regarding fire and disaster in his or her work area.

In addition to organizational policies, we must abide by all environmental laws and regulations. You are expected to follow organizational safety guidelines and to take personal responsibility for helping to maintain a secure work environment. If you notice a safety hazard, you must take action to correct it if you can or to report it to your supervisor immediately.

Drug and Alcohol Abuse

We are committed to maintaining a team dedicated and capable of providing quality resident services. To that end, you are prohibited from consuming any substance that impairs your ability to provide quality services or otherwise perform your duties.

You may never use, sell, or bring on our property alcohol, illegal drugs, and/or narcotics or report to work under the influence of alcohol, illegal drugs, and/or narcotics. For a team member who appears to have work performance problems related to drug or alcohol use, a drug and alcohol screening will be conducted, and appropriate action will be taken, if necessary.

Illegal, improper, or unauthorized use of any controlled substance that is intended for a resident is prohibited. If you become aware of any improper diversion of drugs or medical supplies, you must immediately report the incident to your department supervisor, the Compliance Official, the Compliance Officer, or use the Compliance Line. Failure to report a known instance of noncompliance with this policy may result in disciplinary action against the team member up to and including termination.

Organizational Relations

Professional excellence in organizational relations includes:

- Complying with federal tax law to maintain tax-exempt status under section 501(c)(3) of the Internal Revenue Code;

Business Courtesies

Tel Hai Retirement Community prohibits any team member from offering, giving, soliciting, or accepting business or professional courtesies including entertainment and gifts that could be interpreted as attempts to influence decision making. Under no circumstances will a team member solicit or accept business courtesies, entertainment, or gifts that depart from the Business Courtesies policy.

Conflict of Interest

A conflict of interest exists any time your loyalty to the organization is, or even appears to be, compromised by personal interest. There are many types of conflict of interest and these guidelines cannot anticipate them all, however, the following provides some examples:

- Financial involvement with vendors or others that would cause you to put their financial interests ahead of ours;
- Team member/Officer participation in public affairs, corporate or community directorships, or public office;
- An immediate family member who works for a vendor or contractor doing business with the organization and who is in a position to influence your decisions affecting the work of the organization;
- Participating in transactions that put your interests ahead of Tel Hai Retirement Community or cause loss or embarrassment to the organization;
- Taking a job outside of Tel Hai Retirement Community that overlaps with your normal working hours or interferes with your job performance; or
- Working for Tel Hai Retirement Community and another vendor that provides goods or services at the same time.

All team members must seek guidance and approval from our President/CEO or Compliance Official before pursuing any business or personal activity that may constitute a conflict of interest.

No team member except those designated by Tel Hai's President/CEO may witness a signature. Team members cannot witness any document that might be considered to have any potential benefit to Tel Hai,

including a Living Will, any financial instrument or account, changing names on an investment instrument or account, a will, and any Power of Attorney.

Use of Property

We must protect the assets of the organization and ensure their authorized and efficient use. Theft, carelessness, and waste have a direct impact on the organization's viability. All assets must be used solely for legitimate business purposes.

Everyone must make sure that they:

- Only use the property for the organization's business, not personal use;
- Exercise good judgment and care when using supplies, equipment, vehicles, and other property; and
- Respect copyright and intellectual property laws; or
- If unable to assess the copyright or intellectual property laws, never copy material and/ or download software.

Computers /Internet

Team members are expected to use computers, email, and internet/intranet systems appropriately and according to the established policy and procedure. You are not permitted to use the Internet for improper or unlawful activity or download any games or music without prior approval.

Internet use can be tracked and how you use your time on the Internet may be monitored. You should have no expectation of privacy when you use our computers, email, and internet/intranet system. Our organization has the right to sanction or discipline employees who violate the Code of Conduct in a digital, cyber, or other non-face-to-face environment. You should be familiar with our Social Media policy and abide by it.

Vendor Relationships

We take responsibility for being a good client and dealing with vendors honestly and ethically. We are committed to fair competition among prospective vendors and contractors for our business. Arrangements between Tel Hai Retirement Community and its vendors must always be approved by management. Certain business arrangements must be detailed in writing and approved by management. Agreements with contractors and vendors who receive resident information, with the exception of care providers, will require a Business Associate Agreement (BAA) with the organization as defined by HIPAA. Contractors and vendors who provide resident care, reimbursement, or other services to resident beneficiaries of federal and/ or state healthcare programs are subject to the Code of Conduct and must:

- Maintain defined standards for the products and services they provide to us and our residents;
- Comply with all policies and procedures as well as the laws and regulations that apply to their business or profession;
- Maintain all applicable licenses and certifications and provide evidence of sanction screening, current workers compensation, and liability insurance as applicable; and
- Require that their employees comply with the Code of Conduct and the Compliance and Ethics Program and related training as appropriate.

Marketing and Advertising

We use marketing and advertising activities to educate the public, increase awareness of our services, and recruit new team members. These materials and announcements, whether verbal, printed, or electronic, will present only truthful, informative, non-deceptive information.

Regulatory Excellence

Because we are in healthcare, we must follow the many federal, state, and local laws that govern our business. Keeping up with the most current rules and regulations is a big job – and an important one. We are all responsible for learning and staying current with the federal, state, and local laws, rules, and regulations, as well as the policies and procedures that apply to our job responsibilities.

Billing and Business Practices

We are committed to operating with honesty and integrity. Therefore, all team members must ensure that all statements, submissions, and other communications with residents, prospective residents, the government, suppliers, and other third parties are truthful, accurate, and complete.

We are committed to ethical, honest billing practices and expect you to be vigilant in maintaining these standards at all times. We will not tolerate any false or inaccurate coding or billing. Any team member who knowingly submits a false claim or provides information that may contribute to submitting a false claim such as falsified clinical documentation, to any payer – public or private – is subject to termination. In addition, legal or criminal action may be taken.

Prohibited practices include, but are not limited to:

- Billing for services or items that were not provided or costs that were not incurred;
- Duplicate billing - billing items or services more than once;
- Billing for items or services that were not medically necessary;
- Assigning an inaccurate code or resident status to increase reimbursement;
- Providing false or misleading information about a resident's condition or eligibility;
- Failing to identify and refund credit balances;
- Submitting bills without supporting documentation;
- Soliciting, offering, receiving, or paying a kickback, bribe, rebate, or any other remuneration in exchange for referrals; and/or
- Untimely entries into medical records.

If you observe or suspect that false claims are being submitted or have knowledge of a prohibited practice, you must immediately report the situation to a supervisor, the Compliance Official, the Compliance Officer, or call the Compliance Hotline. Failure to report a known prohibited practice will subject you to disciplinary action up to and including termination.

Referrals and Kickbacks

Team members and related entities often have close associations with local healthcare providers and other referral sources. To demonstrate ethical business practices, we must make sure that all relationships with these professionals are open, honest, and legal.

Resident referrals are accepted based solely on the clinical needs and our ability to provide the services. Tel Hai Retirement Community never solicits, accepts offers, or gives anything of value in exchange for resident referrals or in exchange for purchasing or ordering any good or service for which payment is made by a federal health care program. Anything of value includes any item or service of value including cash, goods, supplies, gifts, “freebies,” improper discounts or bribes.

Accepting kickbacks is against our policies and procedures and also against the law. A kickback is anything of value that is received in exchange for a business decision such as a resident referral. To assure adherence to ethical standards in our business relationships, you must:

- Verify all business arrangements with physicians or other healthcare providers or vendors in a written document; and
- Comply with all state and federal regulations when arranging referrals to physician-owned businesses or other healthcare providers.

You cannot request, accept, offer, or give any item or service that is intended to influence – or even appears to influence – the referral, solicitation, or provision of healthcare service paid for by any private or commercial healthcare payer or federal or state healthcare program, including Medicare and Medicaid, or other providers.

Inducements to Prospective Residents

You may not provide anything of value including goods, services, or money to prospective residents or any beneficiary of a federal or state healthcare program that you know or should know will likely influence that person’s selection of a provider of healthcare services.

For this policy, anything of value includes but is not limited to any waiver of payment, gift, or free service that exceeds a value of \$10 per item or \$50 annually in total. If you have a question about whether a particular gift or service would be considered “of value,” ask your supervisor or the Compliance Official.

Financial Practices and Controls

Ensuring that financial and operating information is current and accurate is an important means of protecting assets. Each one of us must make sure that all information provided to bookkeepers, accountants, reimbursement staff, internal and external auditors, and compliance staff are accurate and complete. This includes ensuring the accuracy of clinical documentation which supports our

reimbursement. We must also comply with federal and state regulations when maintaining clinical records, accounting records and financial statements, and cooperate fully with internal and external audits.

Fair Dealing

All team members must deal fairly with residents, suppliers, competitors, and one another. No team member, manager, or director shall take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other unfair dealing practice.

Document Creation Use and Maintenance

Every team member is responsible for the integrity and accuracy of documents, records, and e-mails including, but not limited to, resident medical records, billing records, and financial records. No information in any record or document may ever be falsified or altered.

You must not disclose, internally or externally, either directly or indirectly, confidential information except on a **need-to-know** basis and in the performance of your duties. Disclosure of confidential information externally must follow organization policies.

Upon termination of employment, you must promptly return all confidential information, medical and/or business, to the organization. Examples of confidential business information include potential or threatened litigation, litigation strategy, purchases or sales of substantial assets, business plans, marketing strategies, organizational plans, financial management, training materials, fee schedules, department performance metrics, and administrative policies.

Voluntary Disclosure

It is our policy to voluntarily report known overpayments and any improper/irregular conduct, including fraudulent conduct, which affects any federal or state healthcare program. Reporting will be completed within the time frames identified under the Patient Protection and Affordable Care Act.

- Attempt to persuade another team member or any person to give false or misleading information to a government investigator or inspector; or

- Be uncooperative with a government investigation.

If you receive a subpoena or other written or oral request for information from the government or a court, contact your supervisor, the Compliance Official, or the Compliance Officer before responding.

Disciplinary Action

Disciplinary action will be taken against anyone who fails to act in accordance with this Code of Conduct, the Compliance and Ethics Program, supporting policies and procedures, and applicable federal and state laws. Disciplinary action may be warranted in relation to violators of the Compliance and Ethics Program and to those who fail to detect violations or who fail to respond appropriately to a violation, whatever their role in the organization. When taking disciplinary action against a team member, we will utilize standard disciplinary processes which may lead to the termination of business relationships and agreements. The Compliance Officer may initiate and recommend corrective or disciplinary action against a team member through the Compliance Official and CEO and may also monitor appropriate implementation of the disciplinary process. We will discipline anyone who engages in prohibited retaliatory conduct.

Compliance Questions

The laws applicable to our operations are numerous and complicated. When you are not sure whether a particular activity or practice violates the law or the Compliance and Ethics Program, you should not guess the correct answer. Instead, you should immediately seek guidance from your department supervisor or the Compliance Official. You will not be penalized for asking compliance-related questions. We are intent on creating a culture in which you should feel comfortable asking questions to ensure you understand the duties that are imposed upon you under this Code of Conduct, the Compliance and Ethics Program, and other applicable federal and state laws.
